

## Quick Questions if Memory is a Concern

1. Have you noticed that you forget things that just happened more often?  
For example: Repeating the same question or the same story 30 minutes later.

**Note: The following changes are normal as people age. They are less a cause for concern:**

1. Forgetting the name of someone but remembering it later.
2. Noticing it takes longer to come up with a word you're trying to remember.
3. Misplacing keys or forgetting why you went upstairs, but later you find your keys or remember why you went upstairs.
