Based on the FORHP Rural Grant Eligibility Definition (November 2024): Rural counties include (1) all noncore and micropolitan counties, (2) outlying metropolitan counties with no population from an urban area of 50,000 or more people, and (3) counties with all census tracts meeting the FORHP rural definition. All other counties are considered urban. Full details at: <https://www.hrsa.gov/rural-health/about-us/what-is-rural>
